§ 76.5 Definitions.

(a) *Cable system or cable television system.* A facility consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment that is designed to provide cable service which includes video programming and which is provided to multiple subscribers within a community, but such term does not include:

(1) A facility that services only to retransmit the television signals of one or more television broadcast stations;

(2) A facility that serves subscribers without using any public right-of-way;

(3) A facility of a common carrier which is subject, in whole or in part, to the provisions of Title II of the Communications Act of 1934, as amended, except that such facility shall be considered a cable system to the extent such facility is used in the transmission of video programming directly to subscribers, unless the extent of such use is solely to provide interactive on-demand services;

(4) An open video system that complies with Section 653 of the Communications Act; or

(5) Any facilities of any electric utility used solely for operating its electric utility systems.

NOTE TO PARAGRAPH (a): The provisions of Subparts D and F of this part shall also apply to all facilities defined previously as cable systems on or before April 28, 1985, except those that serve subscribers without using any public right-of-way.

(b) *Television station; television broadcast station.* Any television broadcast station operating on a channel regularly assigned to its community by § 73.606 or § 73.622 of this chapter, and any television broadcast station licensed by a foreign government: *Provided, however,* That a television broadcast station licensed by a foreign government shall not be entitled to assert a claim to carriage, program exclusivity, or retransmission consent authorization pursuant to subpart D or F of this part, but may otherwise be carried if consistent with the rules on any service tier. Further provided that a television broadcast station operating on channels regularly assigned to its community by both §§ 73.606 and 73.622 of this chapter may assert a claim for carriage pursuant to subpart D of this part only for a channel assigned pursuant to § 73.606.

(c) *Television translator station.* A television broadcast translator station as defined in § 74.701 of this chapter.

(d) *Grade A and Grade B contours.* The field intensity contours defined in § 73.683(a) of this chapter.

(e) *Specified zone of a television broadcast station.* The area extending 56.3 air km (35 air miles) from the reference point in the community to which that station is licensed or authorized by the Commission. A list of reference points is contained in § 76.53. A television broadcast station that is authorized but not operating has a specified zone that terminates eighteen (18) months after the initial grant of its construction permit.

(f) *Major television market.* The specified zone of a commercial television station licensed to a community listed in § 76.51, or a combination of such specified zones where more than one community is listed.

(g) *Designated community in a major television market.* A community listed in § 76.51.

(h) *Smaller television market.* The specified zone of a commercial television station licensed to a community that is not listed in § 76.51.

(i) *Significantly viewed.* Viewed in other than cable television households as follows: (1) For a full or partial network station—a share of viewing hours of at least 3 percent (total week hours),
